A Verbatim DVD Media

Verbatim DVD+/-R discs offer 4.7GB or 120 minutes of write-once storage capacity, superior recording quality, and compatibility with 1X to 16X DVD writers. Verbatim 16X DVDs allow users to record a complete 4.7GB/120min disc in approximately 5 minutes. Recognised as the choice of professional users, Verbatim DVDs offer the optimal "Advanced Azo" recording dye, which provides the highest level of read/write performance, reliability, and archival life. Verbatim DVD+RW is a rewritable disc that utilises a Super Eutectic Recording Layer (SERL), which minimises noise during write/rewrite cycles and provides superior archival stability. All Verbatim DVDs come with a Limited Lifetime Warranty.

Super-strong, steel composite cable with carbon tempered steel core.

Built-in tamper-evident feature to detect unauthorized use. Patented T-bar lock provides superior lock strength and theft protection.

Easy to install & use in the office or when travelling.

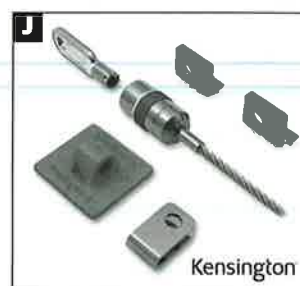

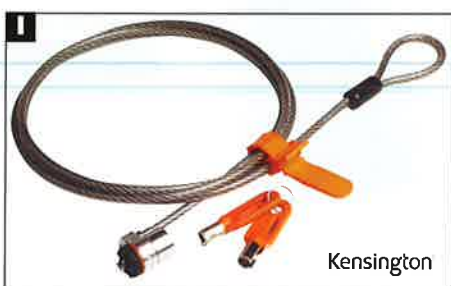

Locks into the standard Kensington security slot found in 99% of notebooks and many flat panel monitors, CPU's, projectors, printers, docking stations, tablet PC's, and other devices.

Sleek styling and design won't block notebook ports or lift a notebook off the desk.

For information about Kensington's custom keyed security solutions go to the following link:
